

TOEFL 2026 Diagnostic Test

This diagnostic is designed to identify your weak areas before starting preparation.

Reading

Read an academic article of your choice and answer:

1. Main idea?
2. Two supporting details.
3. Infer the author's purpose.
4. Define 5 vocabulary words in context.

Listening

Use a 5-10 minute academic lecture (TED-Ed or university lecture). Answer:

1. Main idea.
2. Three key points.
3. Speaker attitude.
4. One inference.

Speaking

Task 1: Listen to a 30-second English clip and repeat it.

Task 2: Record a 90-second interview response: 'Describe a challenge you overcame and what you learned.'

Writing

1. Write a professional email (120-150 words) requesting an internship.
2. Academic Discussion: Should universities require AI literacy? Write 150-200 words.

Self-Assessment

Rate yourself (1-5): Reading Accuracy, Vocabulary, Listening Notes, Pronunciation, Fluency, Grammar, Organization.
